

Environment and Quality Policy

Practically Green Ltd is a professional services firm that helps customers improve the environmental performance of their operations.

At Practically Green we care about our customers, our environment and the people we work with. We want to be a valued supplier, providing smarter, innovative and sustainable solutions to help customers and stakeholders.

Our core business commitments are to;

- Deliver a consistent and high-quality customer service for clients
- Take responsibility for protecting the environment by minimising the impacts of our operations and preventing pollution
- Identify and manage hazards to remove or mitigate risks and provide a safe working environment
- Undertake an annual management review to assess performance and deliver continual improvement in the business's environmental and quality activity

Managing Director, August 2021

To achieve these commitments, we will;

- Operate and maintain an Integrated Management System with the following scope

THE DELIVERY OF ENVIRONMENTAL, SUSTAINABILITY AND LOW CARBON CONSULTANCY SERVICES.

- Establish procedures and processes to support, inform and develop operations
- Monitor operations and performance, working to continually improve the business performance
- Meet all relevant statutory and compliance requirements
- Recognise hazards and environmental impacts and effectively address these to minimise adverse impacts
- Establish, achieve and revise operational objectives and targets to support continual improvement
- Maintain our ISO 9001 and 14001 accreditations, driving a culture of ongoing continual improvement
